

## MONTESSORI & MULTIPLE INTELLIGENCES METHOD

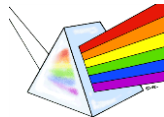

### Are you facing these problems?

- My child can't read.
- My child can't spell.
- My child can't speak English.
- My child can't speak Mandarin.

We can help your child improve. A Kindergarten that has 25 years of experience and proven methods of effective teaching, will help solve these problems. Don't take chances and regret later. It will be too late to help your child.

### Trained/Qualified/Experienced Teachers

Most of them have been with us for **more than 8 years**. **Intensive in-house training** to ensure our teachers are able to teach effectively - fun learning and result orientated. **No child left behind** policy. Every child **will improve** in their learning with us.

## SCIENCE MAGIC

Your child will benefit from our **Thematic and Hands-On Experiment** Science Programme.

- o able to **remember better** through hands-on activities and reinforced through workbooks specially designed by us for better **quality contents**
- o **enjoy learning** - fun experiments
- o **well prepared** for Primary School as all topics are covered in our Themes.

## MANDARIN MAGIC

Your child should be **well prepared for Primary School**. Using **our own designed quality content** workbooks, we cover :

- o Basic Strokes (bi hua)
- o Sequence of strokes (bi shun)
- o Radicals (bu shou)
- o Reading (yue du)
- o Comprehension (li jie)
- o Spelling (ting xie)
- o Collective Nouns (liang ci)
- o Synonyms & Antonyms (tong yi ci/fan yi ci)
- o Homophones (tong ying)
- o Similar characters (jing si zi)
- o Forming Phrases (pei ci)
- o **Speaking fluently** in Mandarin

## AFTERNOON PROGRAMME FOR FULL-DAY CARE CHILDREN

- o 4 year old children who will be going to Chinese Schools in Standard One will have Chinese lessons after their rest/nap time.
- o All children will be taught how to read with using a reading scheme.
- o 6 year olds will be provided with additional lessons and guidance to prepare them for Primary School.

## MATH MAGIC

**Concrete to abstract**

- o **able to understand concept** better as **each child** will be given their own **Montessori Math** material to work on
- o **well prepared** for Primary School as all topics are covered

## ENGLISH & PHONICS MAGIC

**Fast Track to Reading & Spelling**

We use the **Montessori Phonics** programme here because it is more **systematic** and better organised. We are the **pioneers** in teaching phonics.

- o beginning and end sound (a-z)
- o short vowels (a, e, i, o, u)
- o 3-letter phonic words (eg cat, pot, lip)
- o blend words (eg. glad, pram, frog)
- o long vowel words (eg. moon, bake, meat)
- o **better spelling skills** without having to memorise
- o able to **read in a shorter time frame**
- o phrases (A frog.)
- o sentence construction
- o comprehension
- o rhymes
- o **speak fluently** in English
- o opposites
- o **well prepared** for Primary School

## BAHASA MALAYSIA MAGIC

**Fast Track to reading & spelling**

**Why torture** your child in memorizing 174 or more sukukatas when they can learn to **read with less than 35** ?

- o able to **read faster**
- o able to **spell faster**
- o **less to memorise**
- o bina ayat (**able to construct sentences**)
- o simple pemahaman (comprehension)
- o perkataan berlawan
- o penjodoh bilangan (eg. seekor)
- o peribahasa (eg. ringan tulang)
- o simple conversation
- o **well prepared** for Primary School as all topics are covered in our Themes
